Military Surplus Assets (MSAs)

Smith Consulting Group (**SCG**) has been authorized and instructed by the Government of Canada to market and sell Canada's surplus military armaments and military equipment **directly to governments**. SCG represents Canada much like a real estate agent representing the home owner in the sale of property. SCG has the exclusive right to sell these vehicles on behalf of Canada. All Department of National Defense (DND) Surplus Assets are sold on an **"AS IS - WHERE IS"** basis, and no warranty is offered, either expressed or implied.

Governments can buy directly from Canada's DND at the lowest possible market price. Simply make an offer through SCG for consideration. Rebuilds, upgrades or refurbishment to the buying governments specifications can be contracted under separate contract with one of several reliable government contractors to insure the buying country get the absolute best possible and lowest priced equipment.
