Narrative: THE GROUP acquired 25 Mack Model NO 7 ½ ton 6x6 trucks from a United States military installation through DRMO in Italy. These trucks were shipped to the Group's Augusta facility in the U.S. for remanufacturing and re-powering with the Cummins diesel engine. These trucks were sold to the Mexican Army for \$43K each for a **total sale of \$1.075 Million**. In this same project THE GROUP acquired 40 M139 LWB 5 Ton 6x6 Military Cargo Trucks from a U.S. military installation in Germany. Twenty (20) of these trucks were sold to the Brazilian Armed Forces for \$22K each—the balance was unsuitable for government sales. **Total sale to Brazil was \$440,000**. This same project also included 35 6-ton White 6x6 trucks acquired in France. These were sold to the Venezuelan Government for \$21K each for an **additional sale totaling \$735K**.
